

In Need of Tech Tips?

In today's world, you need to know how to use technology. Using the internet, social media and software programs on computers, tablets and smart phones can help you discover wonderful opportunities to grow and develop your skills.

Our new Tech Coaching Center is designed to help people with intellectual and developmental disabilities become more tech savvy.

Join us to learn more about the Tech Coaching we can offer you:

Friday, July 27th
10:30 - 11:30 am
Noble Business Enterprises
2406 N. Tibbs Ave., Rm. B

At this introductory session, we will introduce the Tech Coaching program, and evaluate your tech skills. That way our coaches will know how they can help you achieve your goals through individualized coaching sessions. If you have any questions, please call us at 317-264-1510.
