Harnessing Assistive Technology to Increase Independence

The right assistive technology can truly empower children & adults with disabilities to fully participate in every aspect of life.

Join Us via Zoom to Learn More on Using Assistive Technology!

Thursday, April 28th

11 am

via Zoom

FREE!

RSVP to d.gann@mynoblelife.org
so Diane can email you the Zoom link

Presenter Nikol Prieto

As Community Outreach Coordinator for The INDATA Project at Easterseals Crossroads, **Nikol** calls herself "the front door of the Assistive Technology Department." Her goal is to help others harness assistive technology solutions to remedy everyday struggles. Services are provided through the INDATA (Indiana Assistive Technology Act) Project, a federally funded statewide assistive technology program. INDATA Core Services include Information & Referral, Device Demonstration, Device Loan, Equipment Reutilization, Recycled Computer Program and Alternative Financing Program. Nikol is passionate about understanding consumers' needs and educating them about resources and services that will enable them to make well-informed decisions and improve their lives. She holds a bachelor's degree in Psychology with a minor in Social Work.

Hosted by Noble's Center for Family Leadership, this Zoom training was made possible through the support of the Harriet P. Irsay Endowment Fund.
