Overview:

Experiences with police, fire & paramedics are intimidating, especially for people living with a disability. We can help change that with our 'Emergency Services Experience' event!

This interactive experience will reduce anxiety about emergencies & empower you to respond confidently when it matters most. The event also provides training for first responders by helping them learn to better communicate with individuals with unique traits or needs.

We invite everyone to join us! Whether you or your loved one has a disability or you just want to learn more about police, fire & other first responders, we promise a valuable, hands-on experience.

Ready to join us?
