June 2025

Noble Golf Classic Breaks Record!

Our 20th annual **Noble Golf Classic** presented by Mark & Kristin Plassman, Corteva Agriscience, World Wide Technology and Walmart, was a smashing success, raising a record-breaking \$122,000 for Noble! Held on June 24 at the Sagamore Golf Club in Noblesville, the sold-out tournament featured a full day of play despite the heat. After some practice time on the putting green & driving range, golfers played 18 holes on this gorgeous course, stopping at hospitality tees along the way to stay refreshed.

Our post-game reception was hosted by **Lena Pringle**, emcee for Indy Ignite & award winning journalist. We are incredibly grateful to our sponsors, golfers, volunteers and in-kind donors for making this event so successful!

Creative Inspiration Gives Her a Voice

Tiara loves art in its many forms, with painting high on her list. It fuels her creativity and allows her to express her thoughts and feelings. "I am inspired by the art I create," she says.

At this year's Noble Golf Classic, she had the opportunity to share that vision with our golfers at the post-game reception. Her "mission moment" testimonial inspired the crowd to generously support our mission through Fund-A-Need.

After the program wrapped up, she posed for a couple quick photos with our emcee, Indy Ignite's media talent **Lena Pringle**.

Reeling' in the Big One

With every fishing trip, **Hunter** builds more than just a tackle box of stories—he's growing confidence, independence, and a deep love for something that's all his.

Hunter fishes at a family friend's house and some days are better than others. Sometimes he doesn't catch anything, or a fish strips his worms from the hook. Late last summer, he had to move his spot because a snapping turtle kept getting his worms.

Always catch and release, this past Sunday he started off small by catching a little sunfish and from there kept catching larger and larger bass. Noble Direct Support Professional Taylor Perme, his "fishing buddy," says that his last was one of the largest he's ever caught. "He began reeling it in, and as it got closer to the edge of the pond, he put his pole aside and slowly began pulling the line with his hands--called it his Nicholas Cage because it was so big!"

Staff Highlight | Samantha Bandy

For the past two years, **Samantha Bandy** has worked as a Direct Support Professional in our Adult Day Services. Executive Assistant **Tara Cochran** describes her as: “She is so kind and caring towards the individuals in ADS, and to others that she encounters in the building. She is very quiet, but her compassionate nature just shines through.”

For her part, Samantha says, “I love what I do. It's a fun and fulfilling position, and my coworkers are great. I'm grateful to have gotten into this specific field.”

Thanks, Samantha. Noble is lucky to have you!

Cheering on the Indiana Fever!

A big shout out to the **Indiana Fever** for generously providing tickets to see them in action. The people we serve have enjoyed cheering them onto victory!
